3rd scientific & final GreenNet conference:

Perspectives for
biological & cultural diversity
along the European Green Belt

Good examples, successful measures
& new ideas

Invitation & Programme

03./04. June 2014 Eisenach, Germany

This project is implemented through the CENTRAL EUROPE Programme co-financed by the ERDF

Motivation

The 3rd GreenNet conference is focussed on successful initiatives and projects along the European Green Belt. Despite the existing difficult frame conditions activities and initiatives of a future orientated sustainable development already have been realized along the European Green Belt. Those encouraging examples will be discussed in an international context. Furthermore the conference will present results of the GreenNet project and give impulses for the further development of the European Green Belt.
